<b>5. I can identify daily practices that can help me transform trauma exposure.</b> Before presentation ..... <b>6.4</b> After presentation..... <b>9.4</b> Change: <b>47% Increase</b>	Not at all  Yes! 0 1 2 3 4 5 6 7 8 9 10 0 1 2 3 4 5 6 7 8 9 10

### Comments

Funny, informative and wonderful examples

Kim, you are a gem.

I really appreciated how you clarified what the doula's advocacy role is and how to stay within scope.

I need to work on immediate release!

Thanks for giving us the concrete words to use.
